All the workingmen understand it. Witness the election in Ohio, late Republican, now Democratic.

The long, cold, dreary winter months are upon us, with thousands of workingmen out of employment, and with no chance to vote themselves back pay. THE FAILURE OF THE SPRAGUES THEIR FINANCIAL CONDITION

Provedence, October 30.—It is understood that A. & W. Sprague, in this city, do not suspend to-day, notwithstanding the failure of their New York house.

Upon application at the office of the Messrs. Sprague, the information is furnished that the committee of investigation into the affairs of the A. & W. Sprague's manufacturing Co., appointed by the representatives of the city banks will be prepared atheneuting to be held to-morrow moraing to make a report which it is thought will be highly satisfactory to the creditors of A. & W. available property at low valuation over all outstanding liabilities upon the acceptances of Boyt, Sprague & Co., it is stated, will be not less than \$10,000,000. A plan will be presented at a meeting to-morrow, accompanied with a detailed report of the situation of the rm, which will, it is believed, if carried out, render the embarrassment of A. & W. Sprague and Hoyt, Sprague & Co. of temporary duration. MORE ABOUT THE SPRAGUES.

New York, October 30.—The failure of Hoyt, Sprague & Co. caused a heavy decline in values on the Stock Exchange and depression to outsiders. The restoration of confidence previously going on has received a check by this event, which can only be looked upon as a public calamity in the present condition of affairs.

OLD BEN BUTLER'S STEALINGS.

Boston, October 30.—Lloyd, Hamilton & Co. have suspended. They had a large interest in the Pennsylvania suit of William E. Britton against Benjamin F. Butler to recover \$15,000, the amount of two drafts seized by

the United States Attorney, who defends the action in behalf of the government, The counsel for Mr. Britton stated that in 1862 a man bearing two drafts, drawn by the firm of which Britton was a partner, doing business in Natchez, Miss, was arrested while attempting to cross from the retel lines to New Orleans. The drafts were then valueless, but General Butler compelled Mills, Judson & Co., who were agents in New Orleans for Britton & Co., to indorse them, and then got them cashed. He claims that Britton was not an enemy of the United States, and that his property could not therefore be by an agent of that government.

The case is still on trial.

"A Dose in Time." Erc.—If "a stitch in time saves nine," it is equally certain that a dose of a healthy tonic, like Hostetter's Blomach Bitters, taken at this inclement season of the year may save naby an unpleasant twinge. A dose, however is not sufficient. The system should be thoroughly charged with this genial vegetable slimulant and invigorant. Commence taking it with the commencement of the atmospheric changes which distinguish the whiter from the autumn. Thereby you will avoid those disturbances of the digestive and secretive organs, and those painful diseases of the muscles and those painful diseases of the muscles and the nerves of sensation, which often render the period of the year which should be the merricet, a season of penance and disquietude. The extraordinery vigor and regularity which this exhiliarating restorative imparts to the most important functions of the body, render it an invaluable remedy for nervous debility, constipation, indigestion, torpidity of the liver, and intermittent fevers.

WHY WILL YE DIE?—Death, or what is worse, is the inevitable result of continued suspension of the menstrual flow. It is a condition which should not be trifled with. Immediate relief is the only safeguard against constitutional ruin. In all cases of suppression, suspension or other irregularity of the 'courses,' Dr. J. Bradfield's Formale Regulator is the only sure remedy. It acts by giving tone to the nervous centres, improving the blood and determining directly to the organs of menstruction. It is a legitimate prescription, and the most intelligent Doctors use it. Prepared by J. H. Bradfield, drug gist, Atlanta, Ga; \$160 per bottle, and sold by respectable druggists everywhere.
